Nadine Chabarekh
Transcendent Rhapsody

The Gallery45

Nadine Chabarekh is a distinguished Lebanese contemporary abstract painter based in Cyprus.

From an early age, she exhibited a profound passion for drawing and painting, a creative impulse that has remained central to her artistic journey. With a background in Biology, her work is uniquely informed by a harmonious fusion of scientific precision and artistic intuition. A perfectionist by nature, she finds abstract painting to be a liberating medium, an avenue through which she embraces spontaneity and presence.

Profoundly inspired by the majesty of nature, particularly the tranquil expanse of the sea, her work serves as a deeply emotive expression of memories and inner landscapes. Each painting is meticulously crafted to evoke poetry, introspection, and an enduring sense of serenity, transforming the spaces they inhabit into sanctuaries of contemplation and aesthetic refinement.
